THAT WAS QUICK! DID YOU ALREADY MAKE THE SWITCH?

...INTO A *VICIOUS LITTLE BRUTE!*

HOW COME *BELLDANDY* GETS A HUG? SHE'S NOT YOUR ***ONLY*** SISTER!

HEY, HEY, *HEY!*

AND BECAUSE, UNLIKE ***YOU***, BELLDANDY IS I. HONEST II. UNSELFISH, III. GENTLE, AND IV. PURE!! ***THAT'S*** WHY!!

BECAUSE, URD, I CAN'T STAND YOUR A.) ARROGANT, B.) VIOLENT, C.) SELFISH, AND D.) ***STUPID*** BEHAVIOR!

OH, NO! I'M TOO LATE!!

AND THAT MEANS...

SLEIP-NIR!

ffffffffffff

TWAK

UH, COULD YOU EXPLAIN THIS IN TERMS I CAN UNDER-STAND?

I COULDN'T NAIL 'EM ALL-- PROCESSING SPEED WASN'T FAST ENOUGH...

UM, WELL, Y'SEE...

SKULD ...!

WAS THAT A BUG? *HERE?!*

AND *WHY DID I TURN TWO-DIMEN-SIONAL?*

flap flap

WHAT TH' HELL IS GOING ON HERE?!

THANK YOU--I'M GOING BACK TO MY BATH...

QUICK, SIS, YOU GRAB A HAMMER TOO!

EEK! KEI-ICHI !!

...BUGS ARE PROLIFERATING OUT OF CONTROL IN THE YGGDRASIL SYSTEM META-PROGRAM.

SO, YOU SEE...

...IN WHICH THE BUGS WILL ENDLESSLY REPRODUCE THEM-SELVES.

WITHOUT CONSTANT DEBUGGING, THEY'LL GO INTO A LOOP STATE...

...CAUSING FLUCTUATIONS IN THE LOCUS OF SPACE A, OR THE COMPLETE DISAPPEAR-ANCE OF SPACE B, FOR EXAMPLE.

B DISAPPEARS FROM LOCUS β

A
B
A
C
β
CHANGE OVER TIME
α
γ

AND IF *THAT* HAPPENS, A QUASI-DIFFERENTIAL WILL OCCUR BETWEEN THE EXISTENCE PROBABILITIES OF NORMALLY EQUIVALENT SPACES...

KEIICHI!

fffttt

YOU MEAN, IN ADDITION TO BEING FLATTENED, I MIGHT SUDDENLY FLY OFF--

OR AN ENTIRELY DIFFERENT SPACE--"C"--MAY SUDDENLY MATERIALIZE, JUST LIKE SLEIPNIR DID A MOMENT AGO.

KBLOOOSH

fffft

OR INSIDE THE CORE OF A *NUCLEAR REACTOR?* THERE'S NO *TELLING* THE DANGER HE FACES!!

WHAT IF HE REMATERI-ALIZES AT 50,000 FEET...?

OH, DEAR !!

N- NOT REALLY...

ARE YOU ALL GANGING UP ON ME?

Poke Poke

HEY, HEY.

ALL RIGHT YOU TWO, BREAK IT UP!

WHY DO THESE THINGS HAPPEN TO *ME?!*

ARE YOU OKAY?

HUH?

THEY'RE *HAPPENING* TO YOU BECAUSE YOU'RE CLOSE TO A *SINGU-LARITY.*

THEY'RE THE FOCUS OF ALL THESE EVENTS, SO I'D *ADVISE* YOU NOT TO GET...

YOU KNOW... MY *SISTERS.*

UH, OH.

...CLOSE.

...TOO...

IF WE CAN'T COME UP WITH A DEBUGGING PROGRAM THAT WORKS...

A/EEEE!!! NGRARR!

THAT HOLY TEMPLE OF PEACE SURE HAS BEEN NOISY LATELY, HUH?

SOUNDS LIKE THEY'RE TRYING TO GET ANI-MALS TO MATE...

AGAIN !!

WHAT TH--?!

THIS IS *YOUR* FAULT, SKULD! *YOU* WERE SUPPOSED TO BE THE DEBUGGER!

NHAK!

...THEY'RE GOING TO KEEP MULTI-PLYING!

--YOU BOTH *snif* LEFT ME BEHIND TO DO *EVERYTHING* BY *MYSELF!* *snif* IT WASN'T *FAIR!*

B- B- BUT--

OH, SPARE ME.

...D-DON'T TREAT ME LIKE A LITTLE KID, OKAY?

snif HEY...

....

sniff

AW, C'MON!

YOU KNOW, THIS IS A *NORMAL* DAY AROUND HERE!

IT'S NO BIG DEAL!

LET'S JUST BLOW 'EM *ALL* TO--

rage! fume!

AARGGHH! STOP *SNIVELING* AND START *ZAPPING* !!!

WAIT! URD, ***STOP!!***

UM, HEY, DON'T FREAK OUT OR ANY-THING, BUT THERE'S A HOLE OPENING UP UNDER MY...

SEE?! THIS IS WHAT I *HATE* ABOUT YOU, URD!

KA-BOOM

KEIICHI! DON'T LOOK DOWN! THIS HOLE GOES TO AN ALTERNATE REALITY!!

huh? like this?

YAAAA!

.....

THANKS.

I'VE GOT MINE *FULL*, THANK YOU VERY MUCH!

URD! GIVE ME A HAND HERE!

...THIS IS ALL BECAUSE OF ME...!

FOR-GIVE ME, KEIICHI!

WHOOOSH

huh?

BUT... TO BE HONEST...

...IT DOESN'T LOOK LIKE I'LL BE *LIVING* WITH ANYBODY MUCH LONGER...

...FOR LIVING WITH A GODDESS... IT'S A *BARGAIN!*

FORGET IT! IF THIS IS THE PRICE I HAVE TO PAY...

BLAM!!

WHAT TH--?!

FSSHH

YOU'RE A NICE GUY AND ALL...

KEIICHI !!

I WASN'T GOING TO RESORT TO *THIS*, BUT...

grope rummage

...BUT I DON'T WANT YOU TOUCHING MY SISTER.

...LOOKS LIKE I'LL HAVE TO TRY OUT SOMETHING I JUST *INVENTED!*

HMM? IT'S *WHAT?!*

N-NO! IT CAN'T *BE!* IT'S-- IT'S...

DO I HAVE TO DO THIS, *TOO?!*

AS FOR *YOU*, URD...

uh... HERE? AND HERE?

GOOD! AND BELL-DANDY, YOU PUT *YOUR* RIGHT HAND ON A RED, AND YOUR LEFT ON A WHITE...

LESSEE... OKAY, KEIICHI, PUT YOUR LEFT HAND ON A BLUE ONE, AND YOUR RIGHT HAND ON A RED...

...OVER HERE ...?

HEY! MOVE YER *FOOT*, KIDDO!

JEEZ... C'MON, SIS...

HERE, MAY-BE?

...I'M GETTING TO *LIKE* THIS GAME...

YOU KNOW...

!!

KA-BOOM

WE...

AND WE CAN'T GET *RID* OF THEM UNLESS YOU BOTH COME HOME...

THE YGGDRASIL SYSTEM *ITSELF* IS STILL FULL OF BUGS.

ahem ACTUALLY, SIS, WE'VE FAILED TO SOLVE THE ESSENTIAL PROBLEM.

WE *DID* IT! THE BUGS ARE *GONE!!*

KA-BOOM (once again)

URD! I DON'T REMEMBER BEING RAISED BY YOU, *PERIOD!*

SKULD! I DON'T REMEMBER RAISING YOU TO COME RUNNING TO YOUR BIG SISTERS EVERY TIME SOMETHING GOES *WRONG!*

SHUT UP!

OH, NO!

NOW LOOK WHAT YOU'VE DONE! THEY'VE MADE ***BACKUPS*** AGAIN!!

WHATEVER YOU ARE, BEAT IT.

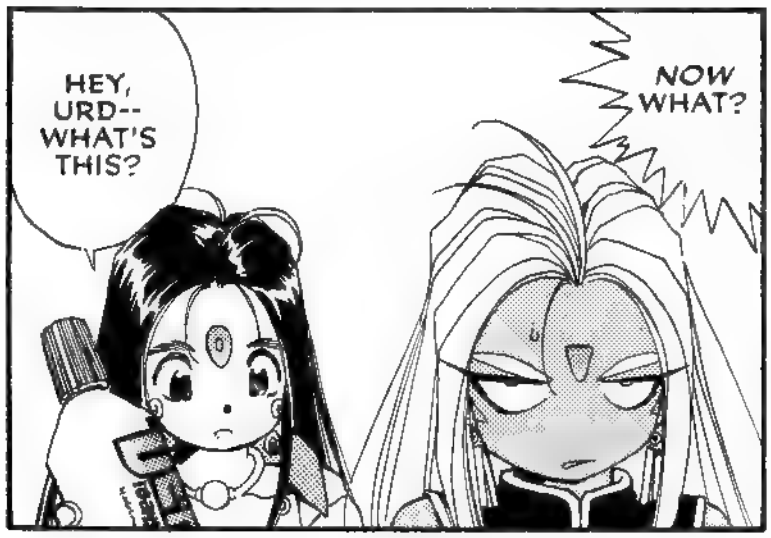
Then it's just the two of ussss, darling!

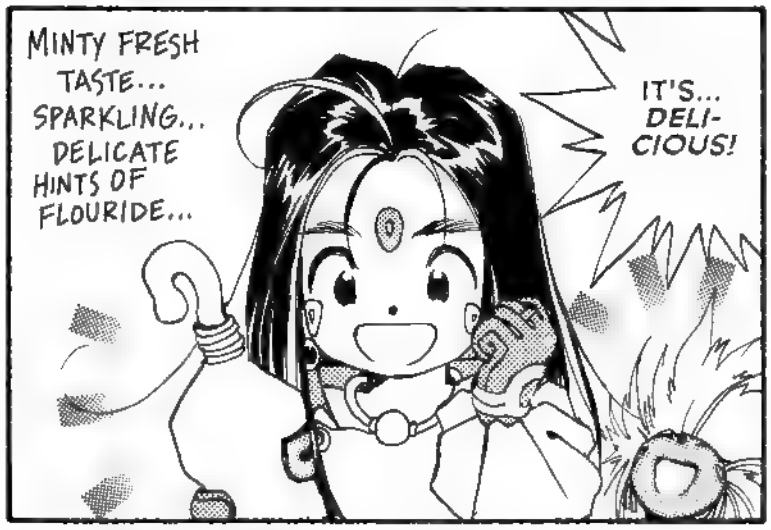
DOES THIS MEAN BELLDANDY MIGHT HAVE TO LEAVE, AFTER ALL...?

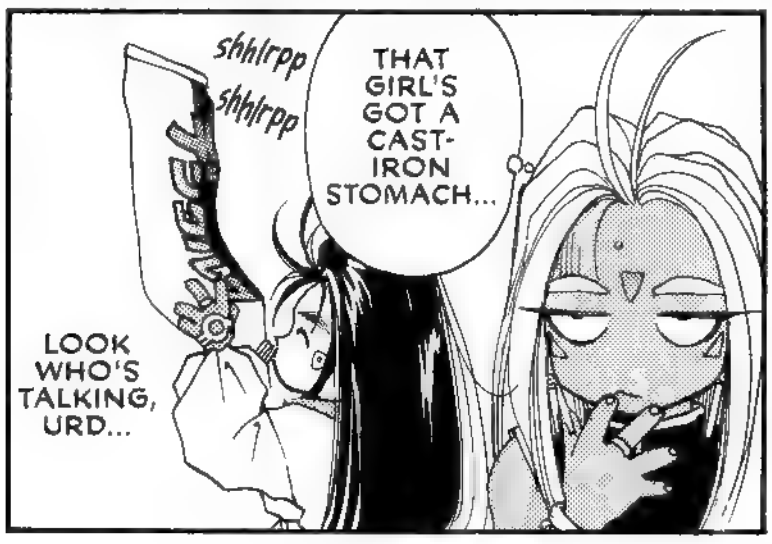
THE ADVENTURES OF MINI-URD

Introducing MINI-SKULDI!

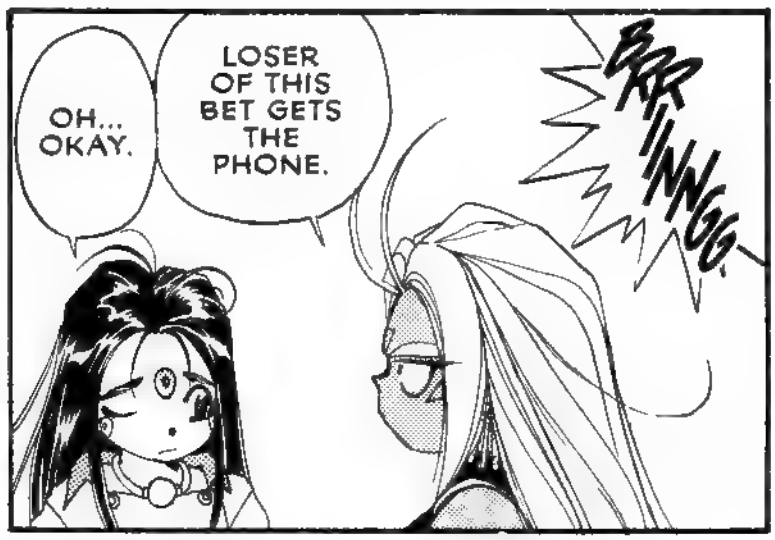
CAN YOU EAT THIS?! THE ULTIMATE GOURMAND!

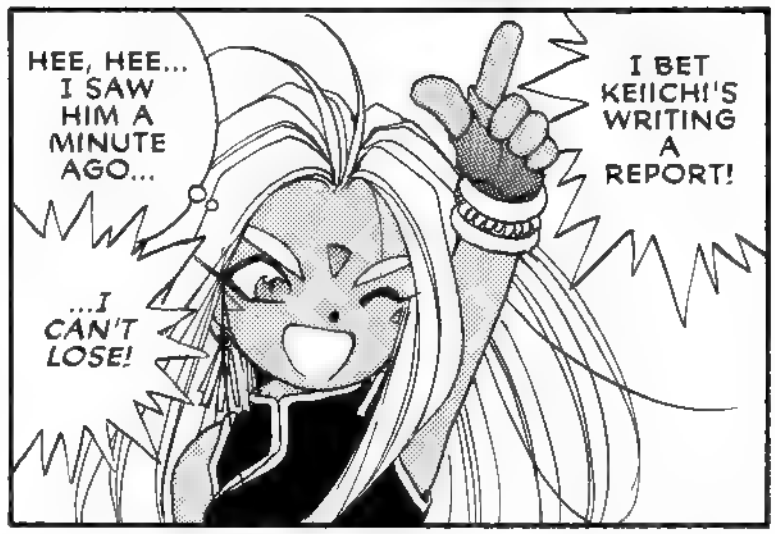


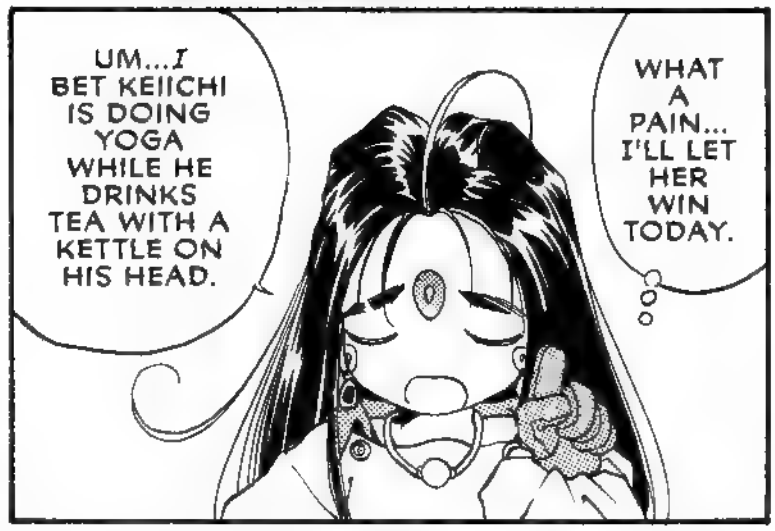


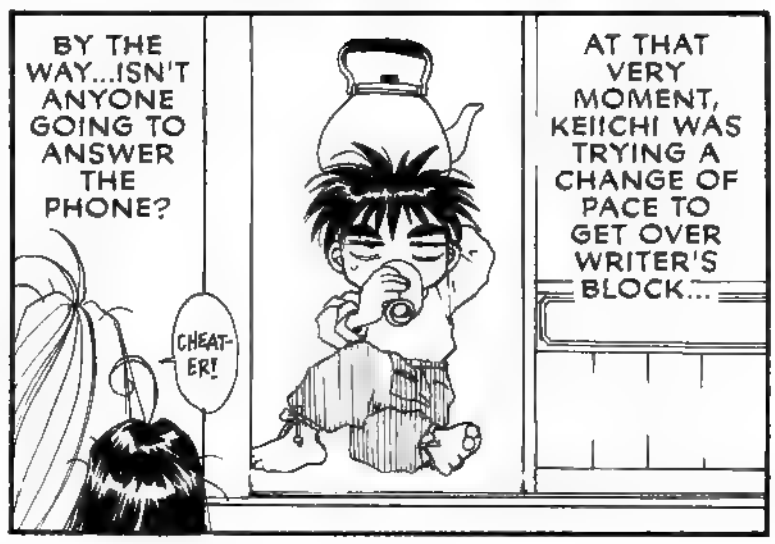


A CASUAL BET









BY THE WAY...ISN'T ANYONE GOING TO ANSWER THE PHONE?
CHEAT-ER!
AT THAT VERY MOMENT, KEIICHI WAS TRYING A CHANGE OF PACE TO GET OVER WRITER'S BLOCK...

CHAPTER 33

The Goddesses' Greatest Danger

WHICH DIDN'T SOLVE THE PROB-LEM.

...SO BELLDANDY AND URD'S LITTLE SISTER ***SKULD*** ARRIVED TO SOLVE THE PROBLEM.

IN CASE YOU STARTED HERE: A BOTCHED ATTEMPT TO DEBUG ***YGGDRASIL***, THE CELESTIAL COMPUTER SYSTEM, HAS FILLED MORISATO'S HOUSE WITH BUGS....

BUT, ACCOR-DING TO ***SKULD***...

WE GODDESSES FORM A SINGULARITY THAT ATTRACTS THE BUGS.

SO NO MATTER ***HOW*** MANY WE ELIMINATE, THEY JUST KEEP PROLIFERATING. AT THIS RATE OUR WORK'LL ***NEVER*** BE DONE.

ALL ?!

THE ONLY ***REAL*** SOLUTION IS FOR US ALL TO RETURN HOME...

tick
tock
NO DAMN WAY *I'M* GONNA LEAVE!
YEAH! WHY SHOULD WE *ALL* SUFFER JUST 'CAUSE *YOU* SCREWED UP?!
I *LIKE* IT HERE!!
WELL, YES, I DID CLAIM THAT...
...TO RE-CHARGE BELL-DANDY'S *SYSTEM FORCE.*
EXCUSE ME, URD...BUT IF I RECALL CORRECTLY, YOU *CLAIMED* YOU ONLY CAME DOWN HERE...
ME?
I MEAN, YOU'RE THE ONE WHO'S MOST AFFECTED BY ALL THIS.
...WHAT DO *YOU* WANT TO DO, BELL-DANDY?

AIEEE!

KEIICHI ?!

IT'S COMING FROM HIS BED-ROOM!!

!!

APPARENTLY, MY BODY'S BEEN MAGNETIZED.

WHAT *HAPPENED* TO HIM...?

WELL...

...IF I DON'T GO HOME, KEIICHI MAY NEVER BE FREE OF THE DANGER POSED BY THESE BUGS.

IT'S ONE OR...

SO I MUST EITHER STAY BY HIS SIDE, CONSTANTLY REMOVING THE BUGS-- OR RETURN HOME.

風林火山

SORRY, BUT ...!

WISH

FWAK

WHAK

YOU'VE GOTTA GET 'EM BEFORE THEY CAN ESCAPE-- LIKE... THIS!!

DON'T WASTE YOUR TIME APOLO-GIZING!!

HE JUST STEPPED IN FRONT OF THE HAMMER!

IT WAS AN ACCIDENT!

OH... HEY, KEIICHI!

I AM *NOT* A "LIAR, LIAR, PANTS ON FIRE!"

I'M NOT LYING! I REALLY *AM* ONE!

DON'T GIVE ME THAT LOOK! I'M A GODDESS ***FIRST CLASS!!***

groan

NO... IT'S OKAY...

...IS THE SUN TOO BRIGHT FOR YOU?

I'M SOR-RY...

...I PROMISE TO COME BACK.

.....

?

KEI-ICHI...

I...

BUT THERE'S NO OTHER WAY FOR ME TO PROTECT KEIICHI...

...I DOUBT YOU'LL BE ABLE TO COME BACK VERY SOON, Y'KNOW.

BUT...

I KNOW.

...AS LONG AS IT'S YOUR OWN CHOICE, I GUESS THERE'S NO DANGER IN IT.

HMM...

"PROMISE TO COME BACK" ...?

YOU MEAN--?!

I'LL BE WAIT-ING!

TAKE CARE, KEIICHI!

I'LL RETURN AS SOON AS WE'VE FIXED THE SYSTEM... I PROMISE!

WELL, GUESS IT'S MY TURN.

IT TAKES A REAL MAN TO KEEP SMILING WHEN HIS LOVE GOES AWAY!

HMM... KEPT YOUR COOL, KEIICHI.

BYE-BYE...

動車(有)

TAKE IT EASY, KID.

IT'S BEEN A BLAST!

I NEED WATER TO GET OUT OF HERE..

UM... OKAY IF I USE YOUR BATH AGAIN?

...IT'S QUIET.

...BOY...

SHE'S NEVER LIED TO ME EVEN ONCE.

IF SHE SAYS SHE'S COMING BACK, SHE WILL.

EEEEEK!

I'M ALL *WET!*

WHAT?! *WHAT ?!*

LIKE *WHAT?*

DID YOU DO SOME-THING TO THE WATER?!

I CAN'T MOVE *THROUGH* IT!

FZZK

UM...

BELL! BUT...

...THAT MEANS...

IF BOTH BELL-DANDY AND I COULDN'T LEAVE...

YOU TOO, SKULD ?!

...WHERE ARE YOU...?

URD!

OUR BATH-ROOM?

EH?

...HEY ...YOU DON'T THINK...

klik

SHE'S NOT IN THE LIVING ROOM EITHER!

NOT HERE...

YEAH, YOU GOTTA PRESS "POWER" FOR THESE TO WORK!

THANK YOU, GENIUS!

YOU'RE NOT... *TRAPPED* IN THERE, ARE YOU?

HUH? *ME?* OF *COURSE* NOT!

WHY ARE YOU SO UPSET, SIS?

OKAY... THEY *ASKED* FOR IT!

ZEBRA KNOCK PENCIL 0.5

THESE *BUGS* ARE MESSING EVERY-THING *UP!*

UM...

FINE, YOU JUST TAKE YOUR TIME AND RELAX.

HOW *NICE* FOR YOU.

I'M, uh... JUST *KICKIN' BACK! RELAX-ING!*

SKRKKK

...YOU WEREN'T ABLE TO LEAVE.

I'M ACTUALLY KIND OF GLAD...

I DUNNO IF I SHOULD SAY THIS, BUT...

SKRITCH SKRITCH

I SWEAR I WON'T LEAVE UNTIL I GET RID OF THEM *ALL!*

...WITH-OUT YOU.

ESPE-CIALLY...

...I MEAN... YOU KNOW.

THIS HOUSE WAS TOO EMPTY...

I KNOW YOU'RE HAPPY.

I KNOW.

AND YOU'RE NOT THE ONLY ONE.

BELL-DANDY...

DONE!

--A.K.A. *MS. PAKU-PAKU-BUG-MAN!*

MY VERY OWN *BUG-CATCHING MACHINE--*

ON!

ALL RIGHT! TIME TO SWITCH IT--

MS. PAKU-PAKU-BUG-MAN!

ohhh WHAT AN ELEGANT DESIGN-- AND SOOO EFFICIENT, MY SWEET--

WHAT'S A "MECHA-FETISH"?

SHE GOT SOME KINDA MECHA-FETISH?

WHAT?!

COULD YOUR PERFECTION HOLD A SECRET DESIGN FLAW?

WAIT A SEC...

HM?

JUST AS I THOUGHT! *NEUTRI-NOS!**

WHAT'S *THAT?*

A NEUTRINO COUNTER, *duh!*

MS. PAKU-PAKU-BUG-MAN! IS *ALLERGIC* TO NEUTRI-NOS!

AND RIGHT NOW IT'S PICKING UP NEUTRI-NOS...

...FROM *YOUUUUU*, KEIICHI!!

Y'MEAN-- THE SINGU-LARITY ISN'T *YOU* GUYS...

...IT'S *ME?*

WELL, NOT EXACTLY.

YOU AREN'T THE SINGU-LARITY.

BUT YOU HAVE ONE *INSIDE* YOU.

WHAT?! HOW'D *THAT* HAP-PEN?!

*nearly massless elementary particles without electric charge, able to pass through almost any substance—but you knew that.

THE DIVINE WORLD HAS MANY MORE DIMENSIONS THAN YOURS, KEIICHI.

ahem

THE ENERGY DISCHARGED IN THIS PROCESS NORMALLY DISPERSES SAFELY.

BUT *OUR* ENERGY...

...BECAME BUILT UP AND *CONCEN-TRATED* AROUND YOU, KEIICHI.

...IT STARTED FORMING A *VORTEX*...

AND AS *MORE AND MORE* OF IT BUILT UP...

...WITH YOUR ***BODY MASS*** SERVING AS AN ATTRAC-TOR.

JUST AS A TWO-DIMENSIONAL PERSON WOULDN'T BE ABLE TO SEE SOMEONE IN THREE DIMEN-SIONS...

...PEOPLE IN YOUR THREE-DIMENSIONAL WORLD NORMALLY CAN'T SEE US.

WE CREATE THIS FORM OF OURSELVES BY CONSTANTLY REGENERATING OUR ATOMIC STRUCTURE...

...JUST SO WE CAN BECOME VISIBLE.

EVENTUALLY IT TOOK ON THE FORM OF A ***QUANTUM BLACK HOLE.***

...A STABILIZED ONE, OF COURSE.

tsk

tsk

POTTY MOUTH.

THEN HOW TH' *HELL* ARE WE GONNA GET RID OF THE BLACK HOLE?!!

LIKE I *SAID*, IT WON'T WORK 'CAUSE OF THE BLACK HOLE.

WELL, WHAT ABOUT YOUR BUG-ZAP-PER?

Y-E-S-*S-S-S*... BUT WE CAN'T DO *THAT* UNLESS WE GO HOME.

THEN ALL YOU NEED TO DO IS SHUT OFF THE ENERGY SOURCE!

GIVE ME A HAND, OKAY?

I'VE GOT A ***BRILLIANT*** IDEA.

chik

chak

...UM, COULD YOU EXPLAIN THIS AGAIN?

RIGHT! I DUNNO HOW MUCH POWER THIS IS GONNA NEED, BUT...

OKAY! *HERE'S* THE PLAN.

THIS IS OUR BLACK HOLE.

MY OBSERVATIONS INDICATE THAT ITS AXIS OF ROTATION IS INCLINED.

...AND TO HELP US *SPEED UP* THE ROTATION, WE HAVE...

...CAUSING IT TO *DEVIATE* FROM ITS ORBIT. THAT'S WHEN WE'LL *YANK IT OUT!*

THEREFORE, WE'LL USE A MASSIVE INFUSION OF ENERGY TO SPEED *UP* ITS ROTATION...

...THE *SUPER ENERGY INFUSION MACHINE MARK ONE!!*

VREEEEE

ONI

oooooh YOU HAVE SUCH A *SUPERBLY* DESIGNED *BODY!!*

C'MON.. LET'S GO.

ALL RIGHT! SWITCH--

RIGHT, RIGHT...

klik

VRRNNNN

KSSSH

VREEEEEEE

NOTHING'S HAPPENING...

VRRRRRMM

SKEEEEEE

...NOT ENOUGH OUT-PUT...

hmmm...

SHI-SSH

...I HAVE NO MORE CHOICES.

KLUNK

THAT'S IT...

BOOM

...MORE POWER !!!

VRRR

GACK! EMERGENCY SHUT-DOWN!!

THE BREAK-ERS THREW!

BELL-DANDY ?!

KRRRRRRRRR

KSSSSHH

SHE... SHE SAID SHE HAD TO KEEP CONSTANTLY REGEN-ERATING HER STRUCTURE TO KEEP HER FORM... WAIT!!

OH, NO!!

WHAT'S WRONG ?!

...TO CUT OFF THE ENERGY TO THE BLACK HOLE...?

DID YOU STOP REGEN-ERATING...

IT'S HOPELESS.

NOT ENOUGH JUICE IN THIS OLD HOUSE...

sigh *URD!*

I WAS TRYING TO *AVOID* DOING THIS...

--TO LEND ME *POWER*, THAT TOGETHER WE MAY *DESTROY THE GODDESSES!*

OKAY... I ADMIT I FEEL A LITTLE DUMB TALKING TO THIS THING...

BRR IN NG

BRR IING

BRR IING

BRR IING

BECAUSE TODAY'S AN UNLUCKY DAY FOR BIG SISTERS TO PICK UP THE PHONE.

BRR IING

WHY DON'T YOU GET IT *YOUR-SELF*, URD?

RIGHT...

...I'LL GO FIRST.

FIRST ONE TO PULL THE DETONATOR HAS TO GET THE PHONE, OKAY?

YOU THINK YOU CAN BEAT THE GODDESS OF GAMBLING AT HER OWN GAME, EH?!

SMART-MOUTH LITTLE BRAT...

KEEP LYING LIKE *THAT* AND YOU'LL HAVE YOUR LICENSE SUSPENDED FOR *SURE!*

THAT PHONE CALL WAS TO TELL YOU YOUR *GODDESS* LICENSE WAS SUSPEND-ED?!

gasp! ***URD!***

...HUH. I DIDN'T EVEN KNOW SHE COULD DRIVE.

beep

THAT'S RIGHT.

OH, YEAH... YOU'VE GOT SOME KIND OF SYSTEM, DON'T YOU...?

GOD-DESS LICENSE ...?

b-beep

beep

OOPS-- MISSED! SORRY ABOUT THAT!

CLASS REFLECTS THE DEGREE OF YOUR PRECISION AND POWER.

FOR EXAMPLE, I HAVE A GODDESS FIRST CLASS, TYPE 2 (UNLIMITED) LICENSE.

URD: GODDESS SECOND CLASS (LIMITED) HAS POWER, BUT NOT MUCH PRECISION.

SHAD-DUP!

I'LL BLOW YA UP IF I WANT TO!!

SKULD: GODDESS SECOND CLASS, TYPE 1 (LIMITED) HAS SO LITTLE POWER SHE HARDLY RATES RESTRICTIONS...

"TYPE 2" MEANS IT'S A COMMER-CIAL LICENSE.

"LIMITED" OR "UNLIMITED" REFERS TO RESTRICTIONS ON THE LEVEL OF POWER YOU CAN USE.

A LICENSE GIVES YOU RIGHTS AS WELL AS RESPONSI-BILITIES.

AND THERE ARE *PENALTIES* FOR IGNORING THEM...

beep...

...AND THE PENALTY FOR ***REPEATED LYING*** IS PARTICU-LARLY STIFF.

BASICALLY, ONCE YOU PILE UP ENOUGH LIES, ***YOUR LICENSE IS IMMEDIATELY SUSPENDED.***

...HUH?

EEEEEE--

FIGURES-- URD LIES THE WAY SOME PEOPLE BREATHE. NO *WONDER* THEY YANKED HER LICENSE...

BEEEEEE

SHUT UP! STOP TALKING ABOUT ME!

--ENOUGH OF THIS!!

SSSSSSHHHH

SHE SEEMED VERY ANGRY.

WELL? HAS SHE KILLED US YET?

WELL, I'M GLAD SHE HAS A *LITTLE* COMMON SENSE IN THERE...
SOMEWHERE.

twitch! rage! seethe!

HA! LOOKIT THAT! SHE KNOWS IF SHE USES HER POWER ***NOW***, SHE'LL LOSE HER LICENSE ***PERMANENTLY.***

THIS LONG.

SAY... HOW LONG DOES THIS SUSPENSION *LAST*, ANYWAY?

HA. HA. HA.

*I wanna be a **real** boy! Hang out on Pleasure Island and shoot pool!*

STILL PRONE TO MAKE FUNNY NOISES.

HA. HA. HA.

HOW IS SHE?

FIVE ***YEARS*** ?!

FIVE MINUTES!

FIVE MONTHS?

FIVE DAYS?

THIS LONG.

I GUESS IF YOU TAKE AWAY URD'S POWER, SHE DOESN'T HAVE MUCH OF ANYTHING ELSE LEFT.

TRY FIFTY YEARS!!!

T--

I'VE MADE UP MY MIND.

TO BECOME *HUMAN* !!

WHERE'S SHE GOING ...?

THE MALL'S THE *OTHER* WAY!

THANKS, MEGUMI!

OKAY, HERE YOU GO.

NEVER *COULD* FIGURE HER OUT...

WHY NOT?

KSR

KSR

OKAY, HERE I GO *GO GO!!*

HUH... WHAT WAS THAT ALL ABOUT?

URD!

OUT OF RESPECT TO BELLDANDY, WE WON'T SAY "AGAIN" AGAIN.

OOPS.

NYA HA HA HA HA HA

AS WE HEAR HER EVIL LAUGH (AGAIN), WE ASK... WILL THE *NEW LORD OF TERROR DESTROY THE WORLD?*

YES... I FIRST LEARNED OF IT...

HUH?

WHAT?

KEIICHI! IT'S... IT'S URD'S...

...THE DAY BEFORE I RECEIVED MY COMMIS-SION...

THANK YOU... MY LORD.

BELLDANDY, AS OF TOMORROW, YOU SHALL BE A GODDESS FIRST CLASS...

BEFORE YOU ASSUME THIS RANK, THERE IS SOMETHING YOU SHOULD KNOW.

YES, SIR?

I PRESUME YOU HAVE HEARD THE NAME... OF THE *LORD OF TERROR.*

I HAVE, SIR.

IT IS SAID THAT WHEN THE LORD OF TERROR APPEARS UPON THE FACE OF THE EARTH, HUMANITY SHALL DESCEND INTO MADNESS.

THE EARTH, WILL ROCK UPON ITS AXIS AND BE RENT ASUNDER. AFTER SEVEN DAYS OF FIRE, ALL SHALL BE DESTROYED.

VERILY, SIR.

WHAT PERHAPS YOU *HAVEN'T* HEARD IS THAT THE RIGHTFUL HEIR TO THE LORD OF TERROR IS--

--YOUR SISTER *URD.*

WHAT ?!

THE BLOOD OF DEMONS RUNS THROUGH HER...

I TELL YOU NOW THAT IF HE SHOULD EVER REAPPEAR YOU MUST INFORM ME IMMEDI-ATELY.

YET...

I SEALED AWAY THE LORD OF TERROR... THAT HE MIGHT SPEND ALL ETERNITY LOCKED IN DARKNESS.

IN TIMES PAST...

I SHALL NOT *HESITATE* TO ACT!!

YES, SIR!

IF THAT DAY COMES...

WH-WHAT ARE *YOU* DOING HERE?!

Enchantress returns with that which it prizes most, fan commentary and art! Before we get into the visual, we'll start with a textual analysis in depth from a reader in Vol. 3. You may wish to play "The Sounds of Science" off the Beastie Boys' *Paul's Boutique* while perusing the letter.

I've been enjoying *OMG!* greatly. I plan to buy the complete set as it becomes available in the "unflopped" versions. I've read the complete series from sources best left unnamed (but which should be obvious), and I find your comments on the text to be fascinating. I thought I'd have some fun and add to the pot.

45.5: Laplace's demon in no way resembles Laplace, who (according to the portrait in the Wikipedia article) looked about as one would imagine a man would look who was named Pierre-Simon, Marquis de Laplace. What is interesting about this particular demon is not so much that Laplace himself never thought him up (he was a creation of later biographers), but that unlike Maxwell's demon, his job is not actually to influence the operation of the universe in a bounded space, but to predict the future course of the entire universe. In a universe like Belldandy's, where Heaven runs the whole works using a giant computer, this is conceivable, and also explains the demon's haughty attitude. He's been utterly crushed in our own universe by such developments as quantum mechanics and relativity.

This demon expresses Laplace's view of an exactly predictable Newtonian universe, where, if the exact energy and trajectory of every body in the universe were known simultaneously, the entire future history of the universe could be computed exactly, for all eternity. Although it was originally put forward that the irreversibility of the law of entropy in thermodynamics contradicted this notion, in fact this is not the case, because thermodynamics only refers to a statistical approximation of a physical system which could still, if sufficient information were available, be predicted exactly. The rigid unobservability of position and momentum posited by the Heisenberg uncertainty principle, however, pretty much knocks Mr. Fierce Moustachios, here, into the soup.

121.2: Similarly, Maxwell's demon hardly resembles James Clerk Maxwell, except insofar as both beings have beards.

Two points here: First, Maxwell's demon reverses entropy, but he doesn't actually add heat to a system. Therefore, although a very few molecules would be at the extreme end of the thermal distribution, once they were out of the room (and, there being very few of them, you'd get nothing like a jet exhaust), the rest of the molecules would be too cold to move a teaspoon, let alone a broom. In the original experiment, a la Max's door gets

roasty-toasty on one side, all right, but the other side gets correspondingly cold.

No, what's going on here is something quite different. In Max's original room, the air molecules aren't redirected at all, and no new ones are allowed in. It's just that as hot ones pass through the door in one direction, hot ones coming the other way have the door slammed in their cute little molecular faces. Only cold ones, moving much more slowly, are allowed to saunter in from the other direction. Stuck in the back of Bell-chan's broom, old Max has been handed quite a different job. Which is fine. Goddesses do get to rewrite job descriptions. No, Max's new job is to slam the door on hot air molecules moving toward the head of the broom, and make them bounce backward, while allowing hot molecules already going in that direction to proceed. When he slams the door in the faces of those forward-rushing molecules, though, he's slamming it very, very hard. He must be. The air jet coming out the back is far, far hotter than normal air temperature. Sure, a very, very few molecules are that hot already . . . but only a vanishingly small number of them. Suadenly, there are lots and lots: enough to make a jet. They're getting whacked.

I predict one very, very tired demon at the other end.

162.4: This dollface bears all the hallmarks of a rendering of a real person. This is not a manga character. It would be interesting to find out, someday, just who Fujishima-san had in mind here.

169.4: Mr. Sleepy Demon, I'm morally certain, is one of Hieronymous Bosch's creations, but I cannot now find the painting in which he appears. If any of the artistic types at Del Rey know, I'd love to hear. He surely looks familiar.

174.2: That's a GPS satellite, all right. Looks like one of the o.d Block I models. We're launching Block IIR now (I work for the company that invented the whole notion of GPS in the first place—The Aerospace Corporation).

The implication here is that she's asking the satellite for their position. Well, there are a few puzzling things about that. First of all, the GPS constellation doesn't receive anything from its users. Only the GPS ground segment—the GPS satellite control network—talks up to the satellites, and that's only to tell them what their own positions are, so they can relay that information as part of the GPS navigation signal. They're not prepared to discuss anything else, but then, we've all seen that Bell-chan can be quite persuasive.

Possibly they were singing to each other. GPS satellites sing a song, you know. It's a long, complex melody called a chipping code. They sing quite softly . . . so softly that they can't, in fact, be heard. But, if you know the song, you can still tell that they're singing, and where they are in their song. This sort of thing would be right up Bell-chan's alley.

Imagine a roomful of people, all talking. In fact, imagine a typical publishing party, where you can't even hear yourself think. One person, though, isn't talking. He's clapping, in a corner, at a constant rate. If you know he's there, and if you know how fast he's clapping, you can, just barely, pick him out of the noise, even though, if he were talking, you wouldn't be able to hear a word.

That's how GPS works. Each receiver knows the GPS "song", and each GPS receiver picks out the songs of the GPS satellites from signals that are all below the "noise floor". If we were listening for them without knowing what the signal was, we wouldn't be able to detect it. But because we know the "song", we can correlate it out of the noise.

Every so often, the satellites will change one of the "notes". That collection of miss-

ing "notes" is the actual GPS signal. In that signal, they speak sentences. Each satellite has three atomic clocks on board. Part of the signal is the current time, according to the best clock on board. The rest of the signal carries the "orbital elements" of the satellite, that is, its ephemeris: what size and shape its orbit is. Given those elements, and the current time, you know where the satellite is in relation to the earth.

Which of course does you little good. You yourself don't have an atomic clock. Well, OK, admit that maybe Bell-chan does. The difference in time between the satellite's clock and your own clock tells you how far away the satellite is. The satellite's signal tells you where the satellite is. Given those two facts, you now have at least a better idea of where you are: draw a line of that length from the satellite, and it will just touch the surface of the earth somewhere on a circle. You're somewhere on that circle. To narrow things down more, you need another satellite and another circle. Now, those circles will intersect at two points. You could be at either. A third satellite is needed to figure out which of those points is your location. And if you don't know your own altitude, you need a fourth satellite.

That's what's needed for a full GPS position lock: four satellite signals acquired. It's more complicated than that, because your average (mortal) GPS receiver doesn't have an atomic clock—it's all figured with differences rather than with absolute positions—but you need four satellites to know where you are.But, we're told that Bell-chan is talking with "a certain GPS satellite." Why just one? Well, presumably she's not actually using it for navigation. It's pretty obvious that Bell-chan is more of a nature goddess than a techno-goddess (that would be Skuld's department). She's actually got their position from the birds and the bees, and the trees, and the leaves, and the mountain spirits (who probably have it all down to an inch).

What she says next is, "We're only five minutes behind!" She's learned from her "certain GPS satellite" what any one satellite would be able to tell her: the exact time. Which means that Bell-chan herself does not have an atomic clock, but she knows someone who does. Someone in high places. Someone singing a song she knows.

Mike O'Brien
(via e mail)

P.S. I met Lester del Rey on several occasions back in the late 60s. What a character. I remember him diagnosing some poor SF pro's car troubles in a motel parking lot at a PgHLANGE convention in Pittsburgh. Got it diagnosed and running, too. I miss him.

Ah, Wikipedia, that source of all wisdom. Actually I like reading it myself, but sometimes I run across articles I feel I could improve on (the one on Studio Proteus particularly comes to mind; for example, when you read that they "would not publish shojo manga or 'how-to' books," this represents an important misunderstanding of how Studio Proteus works—mainly, that they were not a publisher). The problem is when you edit for a living, you're not sure you want to do it in your spare time, too ^_^

The sleepy demon very well could be a reference to Hieronymus Bosch, although his works are famously dense and detailed, and I hope it might be forgiven if I encourage those out there to seek the answer. The only Bosch I've seen personally is *The Wayfarer* at the Boijmansmuseum in Rotterdam, which also has Brueghel's *The Tower of Babel* (an influence on Katsuhiro Otomo).

This is a wonderful letter, Mr. O'Brien, but at what point should I mention that, just as Consolidated is not Fugazi, Dark Horse is not Del Rey? However, I do *know* Dallas Middaugh at Del Rey, so I will also pass this question along to him, in case he is reading

this at the moment. I also want him to know that I have been absorbing *Genshiken* in a particularly wholesome manner, checking it out from the Multnomah County Library. I'm currently one of 17 people with a hold on Vol. 8.

I agree that Aoshima's wavy-haired flunky looks distinctive enough to seem based on a real person, although I don't at the moment know who. The early volumes of *Oh My Goddess!* are especially full of in-jokes, but I was pleased to see that even in the recent Vols. 23 and 24, Mr. Fujishima still took the chance to give Yuko Miyamura a cameo.

Dear Enchantress (and yon editors!),

This month, during a much needed Christmas vacation, I had the good fortune of sitting back and enjoying not only one volume of *OMG!*, but two of them – thanks to the release of both Vol. 3 & Vol. 24—and being in a mood to mull over the series a little more, I thought I'd send a few thoughts your way on the 3rd volume. Now, this is the second time that I've read these stories, but I was just as impressed with them this time around, as I was the first time that I tore through the pages. In fact, I had actually forgotten that one of the more powerful scenes between Belldandy and Keiichi occurs in this volume and it seemed appropriate given that it's the beginning of a New Year that spurs it on.

Here, I speak of Keiichi's New Year's resolution to "get closer to Belldandy," and Urd's enthusiasm to take it upon herself to make sure that his promise came true. Stepping in to do her part (as only she can) I can only imagine the meticulous planning that went into a timely board game that saw each of its participants acting out the squares that they landed on, in the process of playing. We know that Urd manipulated the spinning, but what could have been her reason for making sure that Kei landed on a square that would put him out in the cold for an extended period of time? Twice at that? Well, Mr. Fujishima weaves a very funny tale as Urd attempts to have a little fun at everyone's expense, and with good intentions that her careful planning just might pay off for Kei (my wager, at least).

When finally Bel dandy wins the game she runs to Keiichi's aid, worried that he's frozen after landing on the unlucky squares. Seizing him in her embrace she notices how blue his lips had become, and . . . plants her lips on his own so as to "warm them up." Now, is it just my imagination, or is this Belldandy's understated romantic side innocently showing up again? She did back him into a tree with her kiss after all! And it shouldn't go without mention that this powerful scene is a beaut, as rendered by Mr. Fujishima, and is well worth the price of admission alone. Anyhow, it's an excellent story that ends in the fulfillment of Keiichi's original resolution, with a little help from a friend, and I'm glad I had the chance to revisit it this time of year.

Again, my thanks to all involved for the endearing characters and stories, and keep up the great translation work on the editorial end. The detailed notes at the conclusion of the volume remain a highlight of the experience—and definitely aid in my study of the Japanese language and culture. Until next time...all the best,

Mr. Kathan D. McCallister
Fort Worth, Texas

P.S. I threw together a recreation of one moment in the climax of the story and attached it in the case that you would like some additional fan art. I was glad to see several additional examples in recent letter pages, and wanted to continue to try and contribute in some small part again if I could. Regardless if it sees print, or not, it was fun to do!

Mr. McCallister, of course, is making a return engagement to "Letters to the Enchantress" from Vol. 23, where his image of Urd appeared. Of course we're pleased to print some more! But now, things are really going to get graphic, as I was so pleased to get some *OMG!* fan art all the way from Greece, as Ms. Georgia Lata literally sent us her sketchbook! "It's not that good, because it's fairly old," she says, "but I wanted to share it with you."

Of course, Dark Horse is the company of Frank Miller's *300*, so we're all very pro-Greek around here, but the fighting vigor of the King Leonidas and his Spartans is as nothing compared to the epic journey Ms. Lata's package had to reach Milwaukie, OR. Look at those battle scars on the envelope . . . or the old-school ruled notebook cover (were these drawn in class? ^_^). Take inspiration from this burning fan spirit and send in your stuff (including complaints!) to "Letters to the Enchantress!" *Sun Belldandy kai cheira kinei.*

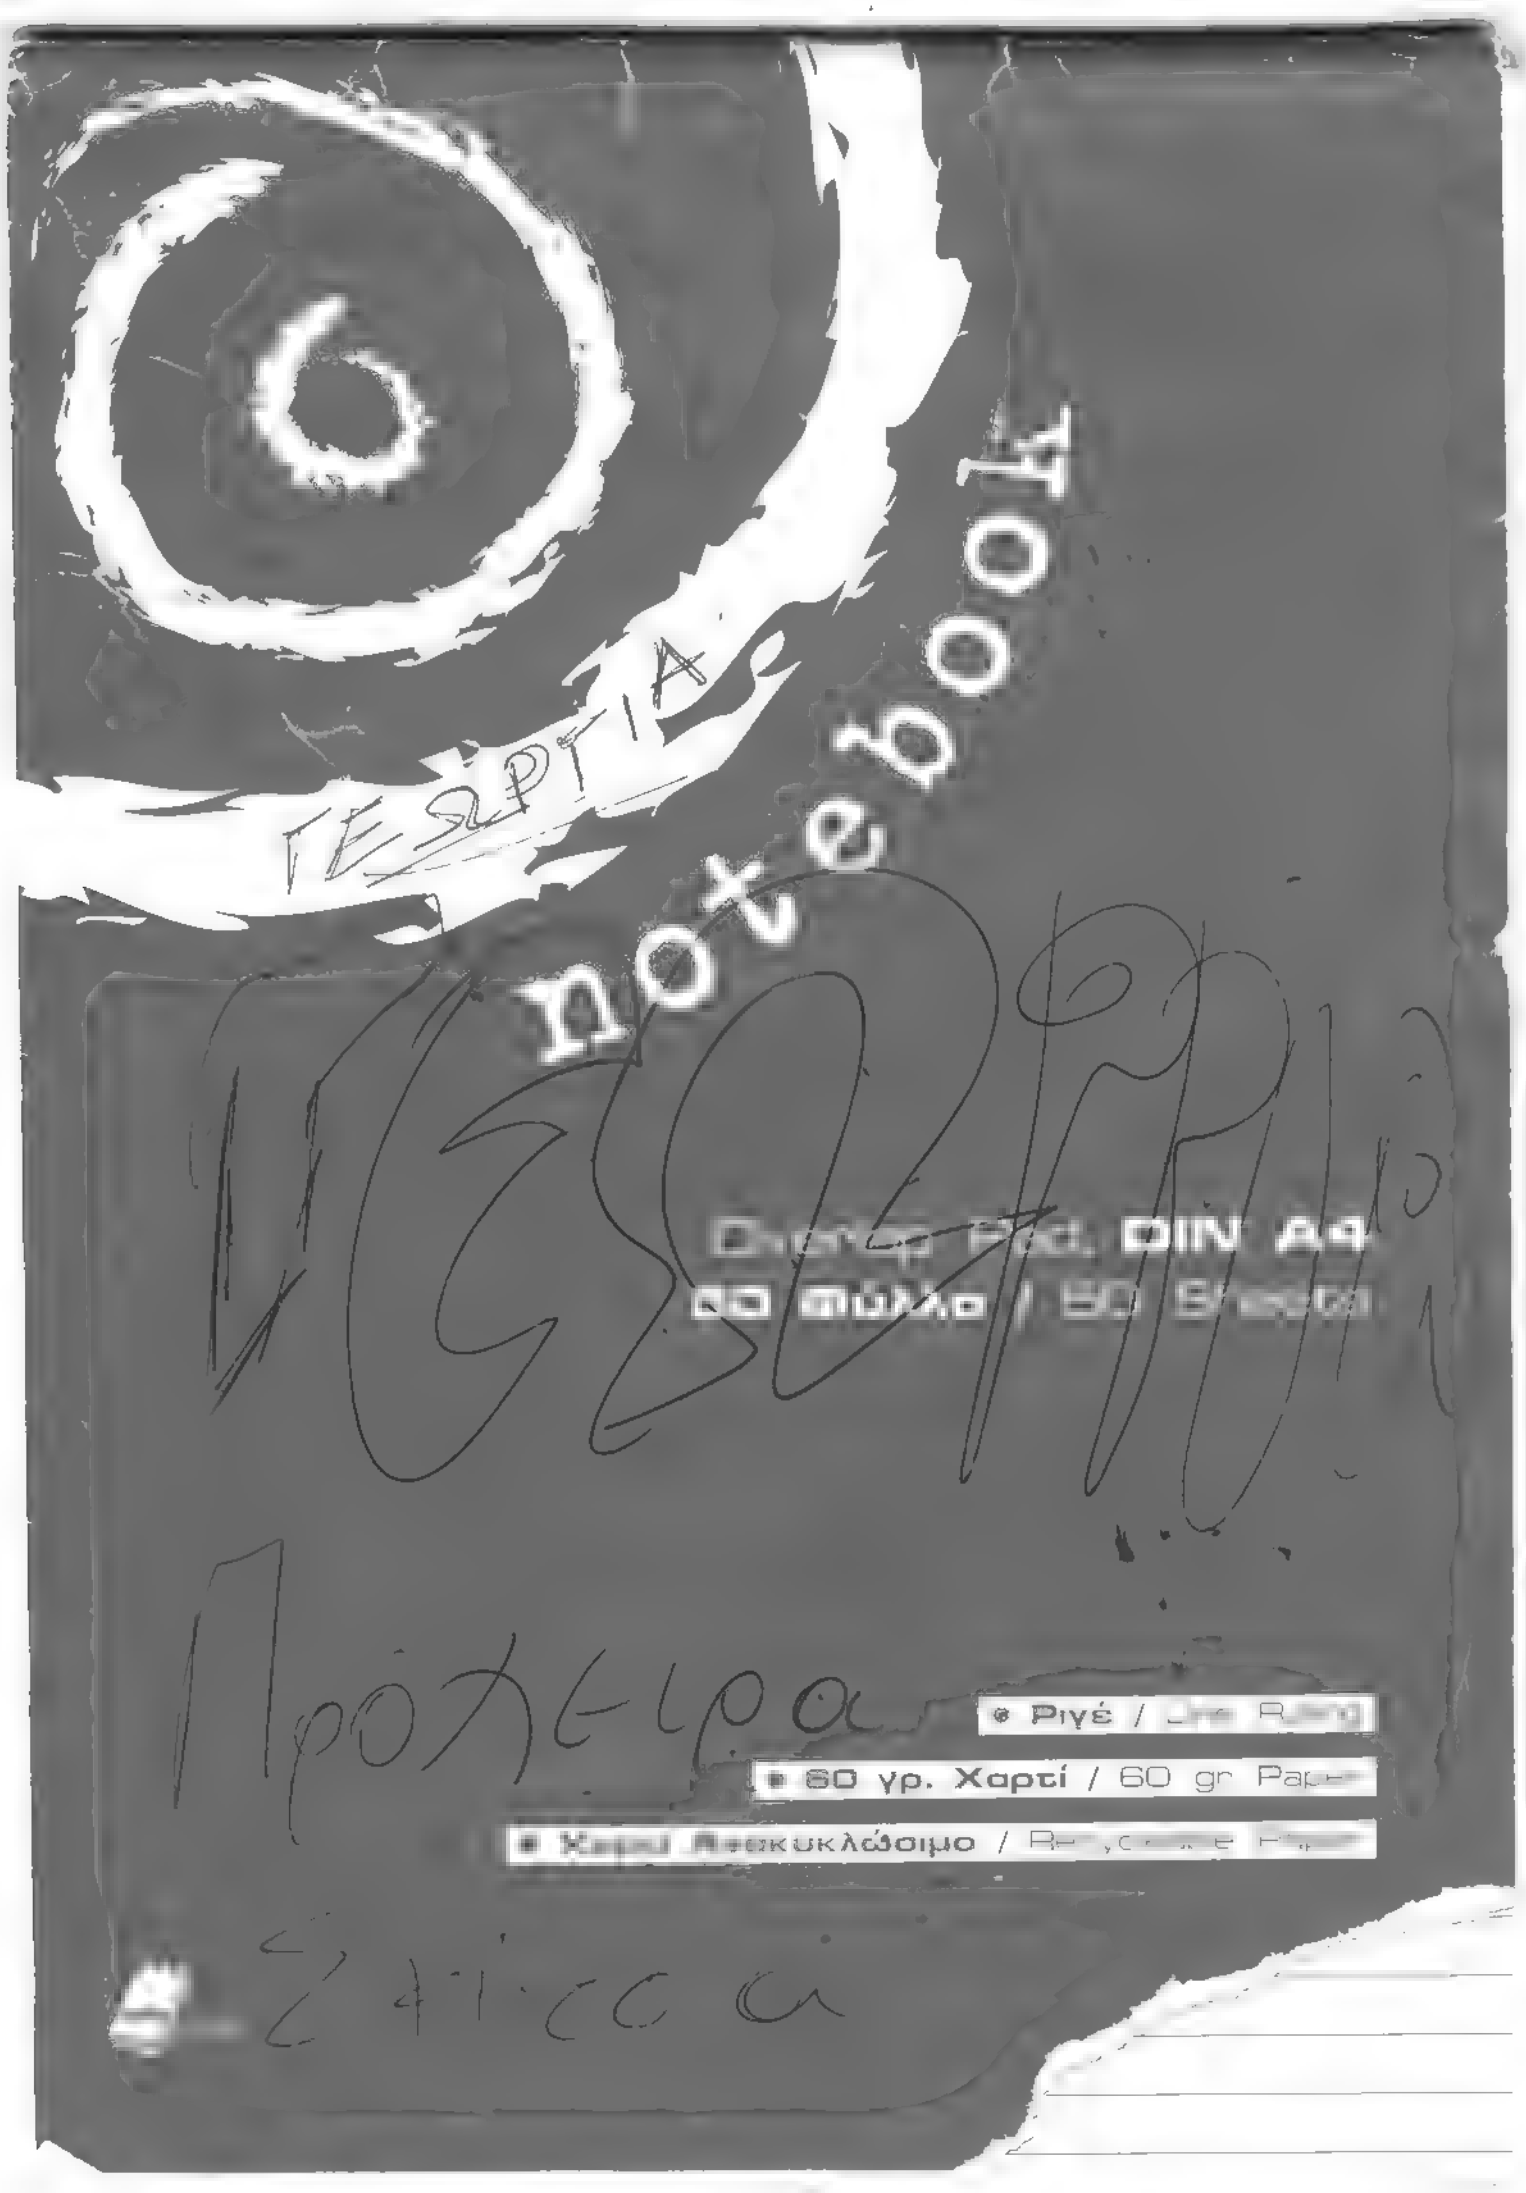

Exhibit "A," or *alpha*, if you will—the notebook cover. In high school mine would have had the Dead Kennedys logo, and maybe a drawing of Jigen.

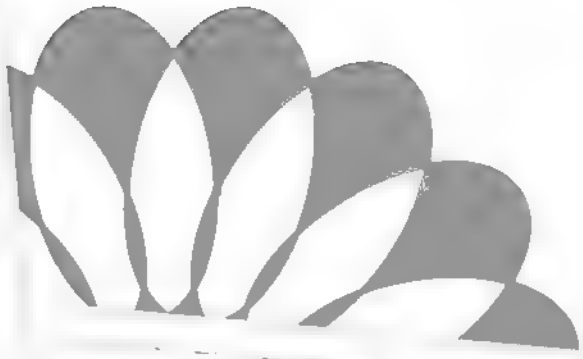

Exhibits *beta* through *delta*—what my sister would call "misc.goddesses."

Exhibits *epsilon* through *eta*—at top left, Keiichi contemplates the size of his manliness. I can make these jokes because a.) I'm the editor, and b.) I'm jealous.

Exhibits *theta*—the envelope this all came in. From the country that brought you the marathon, this one's been through quite a trial itself! Thank you once again, Georgia!

Creator Kosuke Fujishima in 1991!

His message to fans in the original Japanese *Oh My Goddess!* Vol. 5:

"Mwa-ha-ha! I am Doctor F. Jesheema!! In order to realize my plans of taking of the warld (the world), I will modify this rabbit, and all will witness the unstoppable beast, Kaiju 7700i!! You should be afraid—shaking in your boots . . . Which is what I had originally conceptualized right here and got dressed up for it, but the cameraman basically threw in the towel on this scheme. To be honest, though, I had basically resigned this gimmick even earlier than he did (but guess what? I'm gonna give this same gimmick a crack the next time around!!)."

STOP! This is the back of the book!

This manga collection is translated into English, but arranged in right-to-left reading format to maintain the artwork's visual orientation as originally drawn and published in Japan. If you've never read comics this way before, take a look at the diagram below to give yourself an idea of how to go about it. Basically, you'll be starting in the upper right-hand corner, and will read each word balloon and panel moving right-to-left. It may take a little getting used to, but you should get the hang of it very quickly. Have fun! If this is the millionth manga you've read this way, never mind. ^_^
